

# December Special:

\$5 off ANY cervical pillow

One of the most common causes of neck pain is an improper sleeping position. Cervical pillows cradle your head and neck in their natural position so you get a better night's rest. The cervical pillow molds to the unique shape of your head and neck to provide custom support.

We carry several varieties of cervical pillows in our office:

- \*Opti Rest Pillow (regular size)
- \*Opti Rest pillow (small size)
- \*Pillo-Pedic pillow
- \*Contour Memory foam pillow
- \*Chiroflow water pillow

Ask your doctor which pillow he or she would suggest!
